**Message From
President & Hon. Secretary**

Dear Members,

॥ महामृत्युंजय मंत्र ॥

त्रियम्बकं यमामहे, सुगन्धिं पुष्टिवर्धनं ।

उर्वारुकमिव बन्धनान्, मृत्योर्माक्षिय मामृतात् ॥

This Mahamrutyunjay Mantra asks for liberation from the cycle of death and a connection to immortality, by worshipping Three Eyed Deity, Lord Shiva.

On 12-6-2025, our city Ahmedabad had experienced the worst of its time. The big blast, flames and fire, multiple cries and then a big big Silence leaving a big question behind it. The different age of people, from different parts of world had a common moment of death and common end of destination. Even the innocent medical students who were not traveling, had suffered multiple injuries while taking lunch. Even some had lost their lives also. May departed souls rest in heaven with peace.

In this critical situation our all friends of association and other doctors had done good and hard work to help the affected people. Even so many youths have come forward to donate blood and had shown humanity.

Anyway, time is flowing and has to flow and we have to accept reality and move forward.

“People working together in a strong community with shared goal and a common purpose can make the impossible possible.”

- Tom Vilsack.

Last month we had done multiple programs. We had done 4 blood donation camp in association with AFPA on 18-5-2025, 1 with MMA on 25-5-2025, 1 with Ratan Hospital, Isanpur and 1 with SBI, Civil Hospital branch. So total 7 camps we had done.

We had awareness program under Aao Gaon Chale banner, 1 at Naroda UHC on 24-5-2025 and 3 on 31-5-2025, World No Tobacco Day at 3 different places, at Danilimda UHC, GCS Medical College and Sola GMERS College. We also had participated with SHRC for camps at different villages on all Sunday of June month.

We had also celebrated World Environment Day, on 5-6-2025, at AMA by planting saplings. We also had distributed saplings to participating doctors.

We had also organized scientific program on 12-5-2025 and one with College of GP, GSB on 8-6-2025.

These all are successful only and only because of good teamwork.

“A community that is engaged and working together can be a powerful force.”

- Idowu Koyenikan.

At last, preparations of the NATCON 2025 are going with bang with many innovative ideas and tasks. Join hands and let us make it memorable event if IMA.

Jai AMA - Jai IMA

From Despair to Vitality:

Mr Jayeshkumar Jani's Transformation through Bariatric Surgery

Before

After

" This Surgery Gave Me a Second Chance. It's More Than Just Losing Weight It's About Gaining Life. "

Case Summary

61 years old, Mr Jayeshkumar Bhanushankar Jani faced serious health challenges. With a weight of 124 kg and a BMI of 41.6 kg/m², his life was burdened by the crippling effects of obesity. He battled chronic obstructive pulmonary disease (COPD), ischemic heart disease (IHD), and left ventricular dysfunction with an ejection fraction (EF) of just 40%. Chronic kidney disease (CKD) and obstructive sleep apnea (OSA) added to his woes, necessitating the use of a BiPAP machine and frequent nebulisation.

Diabetes further complicated his condition, requiring about 100 units of insulin daily in addition to four oral hypoglycemic agents (OHAs). Even a simple task like walking two steps left him breathless, with his oxygen saturation (SpO2) plummeting to 88%.

Despite his best efforts, including strict diet plans and exercise regimens, Mr Jani found himself unable to shed the weight that was slowly killing him.

In December 2023, Mr Jani underwent the life-changing surgical procedure of Laparoscopic Sleeve Gastrectomy performed by Dr Manish Khaitan, Director and Consultant Bariatric Surgeon. In the months that followed, Mr Jani's weight dipped from 124 kg to an impressive 95 kg.

Rediscovering Life

The effects of the surgery extended far beyond weight loss. Mr Jani's diabetes improved, letting him stop insulin and rely only on oral medication. His medicine intake has reduced from 26 to 7 tablets. Once unable to walk two steps, he now walks 3 km daily, manages COPD and IHD better, and no longer needs his BiPAP machine. His story is about more than weight loss; it's about reclaiming life, rediscovering joy, and inspiring others who face similar struggles.

Dr. Manish Khaitan

**Report of Dr. P. P. Mehta Scientific Program : Dated 18-5-2025**

Dr. P. P. Mehta Scientific program was planned on 18-5-2025, Sunday. Dr. Mahadevbhai Desai, Dr. Dhiren Ganjwala, Dr. Pranav Joshi, Dr. Himanshu Desai and Dr. Nisarg Parikh had delivered scientific lectures on different topics. Dr. Urvi Parikh had given lecture on Medico legal topic. Program was very well attended by large number of doctors. Dr. Rohan Christian and Dr. Jinen Pandya were chair persons and had conducted whole program very nicely.

Report of World Environment Day : Dated 5-6-2025

The World Environment Day was celebrated on 5th June, 2025 at 9:00 am in the morning at Ahmedabad Medical Association, Ahmedabad. Around 60 doctors gathered to plant tree saplings. 5 to 8 trees were planted in the compound of Ahmedabad Medical Association. Approximately 70-80 saplings were distributed among people to plant. Free cap and T-shirts were distributed to everyone.

Report of Dr. Tanumati G. Shah Scientific Program : Dated 8-6-2025

Dr. Tanumati G. Shah Scientific Program with College of GP, GSB was organized on 8-6-2025, Sunday. The scientific lectures were delivered by Dr. Sanjeev Phatak, Dr. Urvesh Shah. There were two debates on anti-diabetic drugs. One was participated by Dr. Vipul Chavda and Dr. Maulik Kinariwala. The another was participated by Dr. Dhruvi Hasnani and Dr. Padmanabh. Both debates were very interesting and concluding comments were given by Dr. Sanjeev Phatak. One Medico legal topic was explained by Dr. Kruti Deliwala. One panel discussion was also planned on Smart Clinic. The panelists were Dr. Kirti Sanghavi, Dr. Amit Pathak and Dr. Manoj Kodwani. It was moderated by Dr. Dhiren Mehta. Even audience participation in all lectures was excellent. It was attended by many doctors. Dr. Dhanajaysinh and Dr. Imtiyaz Vohra were chair persons. They both had conducted program nicely.

**લેડીઝ-ક્લબ****Program No. : 18****“Aapnu Sharir, Aapni Samjan”**

Dear Esteemed Members,

We are organizing an interactive awareness session titled “Aapnu Sharir, Aapni Samjan” for girls aged 16–19 from underserved communities.

Date : 28th June, 2025 Saturday

Time : 3 to 5 PM

Venue : Sashakt Office, Narol, 21, Shyam Vihar Complex,
Opp. Ashirwadnagar, Shahwadi, Narolgam, A'bad, Guj.- 382405

Key Details:

Speaker: Dr. Kshama Shah (Senior Gynecologist, AMA)

Topics: Menstrual hygiene, sexual health, HIV/AIDS & consent

- Light refreshments will be served to the girls
- Hygiene kits will be distributed
- Sponsors are invited to support this noble initiative

**Let's join hands to uplift, educate, and empower.
All members are requested to participate and
support the cause.**

Rajni Maheshwari
President, Ladies Club - AMA

Dr. Sushila Kella
Secretary, Ladies Club - AMA

**Program No. : 19****Women's Cancer Screening Camp -
Organized by AMA Ladies Club***

Dear Esteemed Members,

The **AMA Ladies Club** in collaboration with **GCS Hospital** is organizing a **Breast & Cervical Cancer Screening Camp** for women.

Date: 10th July 2025, Thursday

Venue: AMA House, Ashram Road, Ahmedabad

Services Available in Camp:

- Mammography (Breast Cancer Screening)
- Pap Smear Test (Cervical Cancer Screening)
- Free Consultation by Cancer Specialist Doctors
- Counseling and Guidance

**- Highly subsidized cost -

 - Irregular periods or unusual bleeding
 - Back or pelvic pain
- Especially recommended for women above 40 years of age or with symptoms
- Early detection saves lives – don't miss this opportunity!

Rajni Maheshwari
President, Ladies Club - AMA

Dr. Sushila Kella
Secretary, Ladies Club - AMA

Movie Program Report: "Bhram" Screening

The Ahmedabad Medical Association Ladies Club hosted a successful movie program on May 29th, featuring the screening of the movie "Bhram". The event drew a packed house, with enthusiastic attendees eager to enjoy the cinematic experience.

The movie, "Bhram", captivated the audience with its engaging storyline and impressive performances. The screening was well-received, with viewers thoroughly entertained and immersed in the plot.

Following the movie, the attendees were treated to a delightful dinner, which provided a wonderful opportunity for socializing and networking. The evening concluded on a pleasant note, with guests expressing their gratitude to the Ahmedabad Medical Association Ladies Club for organizing such a enjoyable event.

Overall, the movie program was a resounding success, showcasing the club's ability to bring people together and create memorable experiences.

TELEMEDICINE IN INDIA: A NEW ERA OF ACCESSIBLE HEALTHCARE

Issued Under IMC Act | Adopted: March 25, 2020 | Applicability:
All Registered Medical Practitioners (RMPs)

WHY TELEMEDICINE MATTERS

India's geography, population density, and healthcare resource gaps have long challenged equitable healthcare access. With the onset of the COVID-19 pandemic, the need for contactless consultations surged, catalyzing the release of the Telemedicine Practice Guidelines in March 2020. These guidelines, developed by the Board of Governors (BoG) in supersession of the MCI in collaboration with NITI Aayog, provide a legal and ethical framework for remote consultations—bridging gaps, empowering patients, and expanding the RMP's role digitally.

LEGAL BACKBONE OF TELEMEDICINE

- **Section 27, IMC Act (1956):** Recognizes teleconsultation as legal.
- **Drugs & Cosmetics Rules (1945):** Governs prescriptions.
- **IT Act (2000):** Ensures data privacy and cybersecurity.
- **Digital Personal Data Protection Act (2023):** Elevates legal accountability.

All consultations must be conducted by RMPs registered with state or national councils. AI tools may assist but cannot replace the human judgment of an RMP.

SCOPE AND DEFINITIONS

- **Telemedicine:** ICT-enabled remote healthcare services including diagnosis, treatment, and education.
- **Telehealth:** Broader umbrella including health education, administration, and public health.
- **RMP:** A person registered under the State/Indian Medical Register per IMC Act 1956.

Applies to: Video, audio, and text-based consultations

Excludes: Surgery, invasive procedures, cross-border consultations, and medical education

PRINCIPLES & PROFESSIONAL CONDUCT

1. **RMP's Discretion is Key:** Determine appropriateness of teleconsult based on patient's condition.
2. **Equal Ethical Standards:** Same level of care and professionalism as in-person consultation.
3. **Training Mandate:** All RMPs must complete an online telemedicine training course within 3 years.

CORE COMPONENTS OF A TELECONSULT

Seven elements must be addressed in any consultation:

1. **Context Assessment:** Is telemedicine suitable for the case?
2. **Identification:** Verify both patient and RMP identity.
3. **Mode of Communication:** Choose between video, audio, text based on medical necessity.
4. **Consent:** Implied if patient initiates; explicit if initiated by caregiver or health worker.
5. **Consult Type:** First-time or follow-up.
6. **Patient Evaluation:** Gather adequate medical history and reports.
7. **Management Plan:** Includes health education, counseling, and prescriptions.

CONSENT & DOCUMENTATION

- **Explicit Consent:** Required if initiated by someone other than the patient. Can be verbal, text, or email.
- **Record-Keeping:** Maintain all interactions (calls, emails, prescriptions, case history) per IMC guidelines.
- **Fees & Receipts:** Must be issued like in-person consultations.

TYPES OF TELECONSULTATION

Type	Description
Patient to RMP	Direct interaction. Consent implied.
Caregiver to RMP	Allowed for minors/incapacitated patients. Requires identity verification.
Health Worker to RMP	Facilitated by ANMs, nurses at health centers or mobile units.

RMP to RMP For specialist opinions. Primary responsibility remains with the first

Type	Description
-------------	--------------------

RMP.

Emergency Consults	First aid + referral; physical evaluation recommended as soon as possible.
--------------------	--

MODES OF COMMUNICATION: STRENGTHS & LIMITATIONS

Mode	Strengths	Limitations
Video	Closest to in-person, enables inspection	Needs strong internet, privacy concerns
Audio	Fast, accessible, useful in urgent cases	No visual cues, harder to verify identity
Text	Quick, documented, great for follow-ups	Misses non-verbal cues, rapport difficult
Asynchronous	Useful for second opinions, records, images	Not real-time, risk of delay, less interactive

PRESCRIPTION RULES & DRUG CATEGORIES

Prescriptions must follow these lists and vary by consultation type and mode:

- **List O:** OTC & safe drugs like paracetamol, ORS—allowed in any consultation.
- **List A:** For video first consults or refill of chronic illness (e.g., metformin, atenolol).
- **List B:** Add-on medications during follow-ups to optimize treatment.
- **Prohibited List:** Narcotics, Schedule X drugs (e.g., morphine) are strictly banned via telemedicine.

Note: Prescribing without proper diagnosis is considered professional misconduct.

DATA PRIVACY & ETHICAL DUTIES

RMPs are bound by:

- **IMC Ethical Code (2002)**
- **IT & Data Protection Laws**

- No sharing of patient data/images without consent.
- Teleconsults must not be forced if a patient prefers in-person.
- No advertisements or inducement for telemedicine.

ROLE OF TECHNOLOGY PLATFORMS

- Must verify all RMPs with valid credentials.
- Display full RMP info (name, degree, registration number).
- Must not use AI/ML to counsel or prescribe directly.
- Should maintain grievance redressal mechanisms.
- Non-compliance can lead to blacklisting by BoG-MCI.

TELEMEDICINE IN PRACTICE: CASE INSIGHTS

- **eSanjeevani:** Over 150 million consultations delivered; scaled rural access via sub-centers.
- **COVID-19:** Enabled remote triage and management, conserving hospital capacity.
- **Chronic Diseases:** Teleconsults helped monitor diabetes, asthma, hypertension without hospital visits.

WHAT'S NEXT FOR TELEMEDICINE IN INDIA?

- **Market Boom:** Projected to reach \$5.4 billion by 2025, growing at 31% CAGR.
- **Infrastructure Gaps:** Connectivity in rural areas remains a challenge.
- **Policy Evolution:** Guidelines can be amended in public interest with MoHFW approval.
- **Training & Awareness:** Continuous medical education and public sensitization are vital.
- **Global Alignment:** India's guidelines now echo WHO norms—enabling international interoperability.

FINAL WORD

Telemedicine in India has moved from a pandemic stopgap to a mainstream healthcare modality. With legal clarity, ethical safeguards, and scalable frameworks now in place, digital health is no longer a luxury—it is a necessity. The Telemedicine Practice Guidelines 2020 offer RMPs a powerful tool to deliver timely, safe, and equitable care—virtually anywhere.

Undergraduate Medical Admission Process Following NEET-UG

The medical admission process in Gujarat following NEET-UG is overseen by the Admission Committee for Professional Undergraduate Medical Educational Courses (ACPUGMEC). This committee manages admissions for MBBS, BDS, BAMS, BHMS, and other allied health science programs in both government and private institutions across the state. The admission process is conducted by this committee strictly on the basis of merit of the candidate.

Seats Available for Admission

For the purpose of admission to the first year of the Professional Medical Educational Courses, available seats shall include

A. Government Quota Seats

B. Management Quota Seats (25% seats of the total sanctioned seats including 15% Non Resident Indian seats of the Professional Medical Courses in the unaided Colleges, Institutions or a University.

Provided that any management seat remains vacant, such seat shall be filled in as the available Government seat)

C. Non-Resident Indian(NRI) Quota Seats (15% seats of the total sanctioned seats of the Professional Medical Courses in the unaided Colleges, Institutions or a University. Provided that if a Non-Resident Indian seat remains vacant, such seat shall be filled as Management seat)

Eligibility Criteria

To participate in the Gujarat NEET-UG counselling, candidates must:

- 1) be a citizen of India
- 2) have place of birth in Gujarat or Domicile of Gujarat state.
- 3) have passed standard 10 and 12 with B-group or AB-group from Gujarat board schools or Central board schools located in Gujarat state or Council of Indian school certificate examination board schools located in Gujarat state.
- 4) have qualified in NEET-UG conducted in current academic year
- 5) have completed 17 years of age on 31st December of the academic year for which admissions are being conducted.

- 6) be NRI or children or wards of an NRI if seeking admission on NRI seat.
- 7) Supplementary Examination passed in corresponding academic year will not be eligible for the admission.

Counselling Process Overview

The counselling process typically involves the following steps:

1. Online Registration: Candidates must register on the official ACPUGMEC website medadmgujarat.org by purchasing a PIN (Personal Identification Number) using a non-refundable fee.
2. Document Verification: After registration, candidates need to get their documents verified at designated help centers.
3. Merit List Publication: ACPUGMEC releases a state merit list based on NEET-UG scores and other eligibility criteria.
4. Choice Filling and Locking: Eligible candidates can fill and lock their choices of courses and colleges online.
5. Seat Allotment: Seats are allotted based on the merit list, choices filled, and reservation policies.
6. Reporting to Allotted College: Candidates must report to the allotted college within the specified timeframe to confirm their admission.

Seat Distribution

85% State Quota Seats: Managed by ACPUGMEC for candidates with Gujarat domicile.

15% All India Quota Seats: Managed by the Medical Counselling Committee (MCC) for candidates across India.

Important Documents

Candidates are required to submit the following documents during the admission process:

1. Qualifying Examination/Standard 12 (HSC) mark-sheet as the case may be
2. NEET mark-sheet of current academic year
3. School Leaving Certificate or Transfer Certificate
4. S.S.C. Examination (Std. 10th) mark-sheet and passing certificate
5. Caste certificate for a candidate belonging to Scheduled Caste (SC), Scheduled Tribes (ST) and Socially and Educationally Backward Classes

(SEBC), issued by the authority empowered by the Government in that behalf; (for SC, ST and SEBC candidates)

6. Non-Creamy Layer (NCL) certificate of the family, as per the prevailing policy of the Government issued by the authority empowered by the Government in this behalf (for SEBC candidates)
7. EWS certificate (for Economically Weaker Section candidates)
8. Certificate of Physical Disability, issued and duly signed by the medical board constituted or medical officer authorised for the purpose; (for physically disabled candidates)
9. The certificate of local candidate from the Dean of NHLMMC, Ahmedabad or, as the case may be, from SMIMER, Surat
10. The documentary evidence of NRI Status for candidate who desires to take admission on NRI seat

Counselling Rounds

The counselling process generally includes:

Round 1: Initial seat allotment.

Round 2: For candidates who did not get a seat in Round 1 or wish to upgrade.

Mop-Up Round: Conducted if there are vacant seats after the first two rounds.

Government scholarship schemes

- Mukhyamantri Yuva Svavlamban Yojna
 - Eligibility :- 80 percentile or more in 12th science exam & upto Rs. 6 lakh annual income
 - Scheme :- 50% tuition fees or Rs. 2 lacs whichever is lower per year
 - Stationary and other allowances :- Rs. 10,000/-
- Mukhyamantri Kanya Kelavni Nidhi Yojna
 - Upto Rs. 6 lakh
- Freeship Card
 - Eligibility :- SC / ST students ; Annual income less than 2.5 lacs
 - Scheme :- Zero tuition fees
