AMA Ras Utsav

Message From President & Hon. Secretary

Hello dear friends and colleagues,

We extend our heartfelt gratitude to all of you for placing immense trust in us and our team as we take on the responsibility of leading the Ahmedabad Medical Association, one of India's largest and most esteemed communities of doctors.

We wholeheartedly congratulate the previous team, led by Dr. Dhiren Mehta, for their dedication and successful initiatives over the past year, which will continue to guide us in our endeavors ahead.

This year, our theme is "Beyond Scalpel and Stethoscope."

As doctors, our role extends far beyond treating diseases. As Sir William Osler, the Father of Modern Medicine, rightly said:

"The good physician treats the disease; the great physician treats the patient who has the disease."

Our focus this year will be on holistic growth — for doctors, our association and the community.

We aim to work together in the following areas:

- Strengthening Doctor–Patient Relationships: Rebuilding trust, improving communication and bridging gaps in healthcare.
- Community Engagement: Conducting awareness programs, life-saving training, health camps, and ensuring availability during emergencies.
- Professional Development: Organizing seminars on finance, entrepreneurship, mentorship for young doctors, skill development, and research opportunities.
- Wellness & Networking: Hosting cultural events, sports, recreational activities, and family-oriented gatherings to strengthen personal and professional bonds.

- Trade Body Initiatives: Protecting professional rights, establishing a legal support team, and standing with our members in regulatory matters.
- Communication & Technology: Enhancing coordination through WhatsApp groups, SMS systems, data integration, and launching a dedicated AMA app for seamless updates and registrations.
- Scientific Growth: Promoting NATCON and AMACON conferences, CME programs, workshops, and hands-on training to enhance knowledge and clinical expertise.

Just like a tree that offers shade, fruits, and shelter, AMA should stand as a pillar of strength, protection, and growth for both doctors and society.

Together, we move forward — united, trusted, and committed to excellence.

Jai AMA - Jai IMA

With warm regards,

Dr. Jignesh Shah
President, AMA

Dr. Maulik Seth
Hon. Secretary, AMA

THE HEART BEHIND THE WHITE COAT

We invite all members of the Ahmedabad Medical Association to share their inspiring experiences and thoughts for publication in our upcoming issues of the Ahmedabad Medico News.

- Medical profession — the best profession
- Job satisfaction in our profession

Your words can motivate fellow doctors, strengthen the spirit of our fraternity, and highlight the positive impact of our noble profession.

= Please send your write-ups (300–400 words) along with your name, specialty, and photograph to [insert email ID]

THE HEART BEHIND THE WHITE COAT

First Article

From: Dr. G. G. Oza

I was delighted to learn that AMA Medico News will now also publish Medicos' Views. In other words, **“We will now be 'We All'.”**

A fresh bouquet of thanks to the new team, especially the President, Dr. Jigneshbhai Shah, for this wonderful initiative.

Now it is up to the members of AMA to share their experiences, views, comments, suggestions, ideas, and colourful stories that emerge while treating large numbers of patients. In fact, every patient comes with a story of his or her own — sometimes funny, sometimes sad, sometimes vivid, sometimes tearful — and often as complex and fascinating as life itself.

Additionally, in recent times, the doctor–patient relationship has been found to be not as tuneful as it once was. Its shine and glory seem to have become slightly hazy and fuzzy.

Another enigma today is doctors' own health, which has itself become a matter of concern and worry. The doctor now faces struggles against numerous hurdles and hindrances.

Let us share our thoughts, insights, and experiences through the medium of AMA Medico News — a platform that unites and inspires us all.

Lastly, every doctor must remember that for the patient, he is not only a healer, but also a teacher and a preacher.

Jay IMA, Jay GSB, Jay AMA, Jay Bharatmata!
