**'SECRET TO SUCCESS IS THE RESULT OF  
PREPARATION, HARD WORK AND PERSEVERANCE'**

**Message From President's & Hon. Secretary's Desk**

Dear Doctors,

Our journey for the year 2019-20 has started with full vigour and is so far going very smooth, full of enthusiasm and support from all our Managing Committee members and from you all also. We are really very fortunate to get so many blessings and love from the members of AMA. Up till now all the programs have been excellent, full presence and everyone enjoyed it.

What are Associations for? Why do we need to be a part of it?

Such questions have been asked often and I always feel that this should be the right answer.

A Doctor alone cannot progress or do any event or social service- so when likeminded people gather we are able to achieve many milestones and can fulfil so many of our dreams. Plus our lives are full of Monotony and Stress and to break that, it is important that we have a change in our schedule. When we attend CMEs -not only we acquire knowledge but by meeting our colleagues we relax. Entertainment programs are usually a family affair so you can enjoy with your family. An association brings you close to so many other doctors otherwise we would be totally isolated doing our own practice. So, with this, I expect

more members to become active in the activities of association and whenever there is a protest for a cause involving our fraternity- all of us have to participate in large number because if you don't, you have no right to grumble about the wrong done to you.

We are the Health Ambassadors of our country and hence have to live a responsible life. Our life is precious to not only our family but so many others so do take care of our own health. We are very careless about it, thinking we would never be victim of so and so disease- but you never know when death stands at your doorstep- and then we feel remorse but it is too late. Of late, you all would have heard, very young promising Doctors have lost their lives due to different health ailments, but as we are consider amongst the wise, we should now be more cautious and try to relax in your day to day practice- I think all over world only Indian Doctors are seen working on weekends. Let us come out of this insecurity and try to enjoy life when given a chance before it is too late...

Have a wonderful Life ...!

**SO BLOCK YOUR DATE : 18<sup>th</sup> & 19<sup>th</sup> JANUARY-2020**

## REPORT OF SHARADUTSAV

This year's GARBA PROGRAM of Ahmedabad Medical Association was organised on 13th October'19-Sunday- and fortunately it was coinciding with SHARAD PUNAM and hence our name 'SHARADUTSAV' was absolutely apt this time. The program started with blessings and aarti of 'MAA AMBA' and then all our members and their family members did Garba to the tunes of live Orchestra of Sa Re Ga Ma -band. With the melodious songs of all the singers everyone danced till their 'feet could no longer move'. The food was delicious and like icing on the cake 'Dhudh Pauva' made the feast complete. Around 42 prizes were given to the members and their family members according to their age group and also for Best Performance and Best Dress. 3 judges did this herculian task in a very flucid manner. Our Past president and GSB IMA past president- Dr. Yogendra Modi was felicitated by our IMA National Past President Dr. Jitubhai Patel for always helping us for bringing Sponsorship from Banks for this event. All in all, a successful entertainment program enjoyed by approx. 1000 of our members and their family.

## Report of Scientific program organised on 19/10/19

Ahmedabad Medical Association's new Scientific committee for the year-2019-20 organised it's first scientific program on 19th October'19 at 9:00pm at AMA Hall. Two Scientific deliberations were kept. The first Speaker was Dr. Dushyant Chauhan D.M. (NEURO)- a very eminent Neuro physician of Ahd city. His topic was-'DROP-OUTS, FITS, FAINTS AND FALLS'. A very vast topic but very ably concised in short without leaving any important facts and also making it very simple to understand - that is the virtue of an excellent orator-and it was a treat to listen to him.

The second deliberation was given by a well known Psychiatrist -Dr. Himanshu Desai M.D. (PSYCHIATRY) -on the topic 'COMMUNICATION OF DOCTOR AND PATIENT- A PRACTICAL APPROACH' It was most interesting as he showed every aspect of communication with a 'ROLE-PLAY'. The Role-Play was enacted so wonderfully and convincingly by Dr. Himanshu Desai himself, Dr. Suhag Doshi (M.D. Psychiatry) and our Hon Sec. Dr. Dhiren Mehta.

It was an excellent, informative, most interesting and also humourous Scientific Program enjoyed by approx. 100 Doctor members.

## Report of Dhanvantari Puja

Like every year Dhanvantari Puja was done on 25th of October-2019 at Ahmedabad Medical Association premises. It was the auspicious day of 'Dhanteras' and the custom of praying RISHI DHANVANTARI - the Physician of all Gods and also of us - was celebrated with full faith. A shloka for Dhanvantari Puja was chanted and all the Managing Committee members and also few past presidents with members of AMA join this divine puja-praying for our health and health of all our patients. President Dr. Mona Desai explained everyone the importance of this puja and greatness of Rishi Dhanvantari.

## NEW WAVE IN THE MANAGEMENT OF HEAVY MENSTRUAL BLEEDING (MENORRHAGIA)

- **No more hysterectomy is required in most of the cases.**
- Thermal balloon endometrial ablation and Transcervical endometrial resection (TCRE) with LNG IUD are new modalities.
- Salient features of this technique are :
  - ⊖ No scar anywhere on the body.
  - ⊖ Only one day stay (Day care).
  - ⊖ Early recovery and resumption of the work.
  - ⊖ Almost 100% cure from heavy menstruation.
  - ⊖ It can be done in high risk cases, hypertension, heart disease, renal disease patient with hemodialysis, bronchial asthma, liver disease, severe anemia, obesity, previous abdominal surgeries etc.
  - ⊖ Sexual life of the couple remains undisturbed.
  - ⊖ Hormonal function remains undisturbed.
  - ⊖ Prior biopsy is done to rule out endometrial carcinoma.
  - ⊖ It is covered under Mediclaim.
